

Configuring and Personalizing Your Receipts

CRE/RPE is very flexible when it comes to customizing receipts. You can choose which information is printed on them and how. You can also add notes and a company logo.

Printing information about your company on receipts... page 2

Specifying what information should be printed on receipts and how it should be printed... page 3

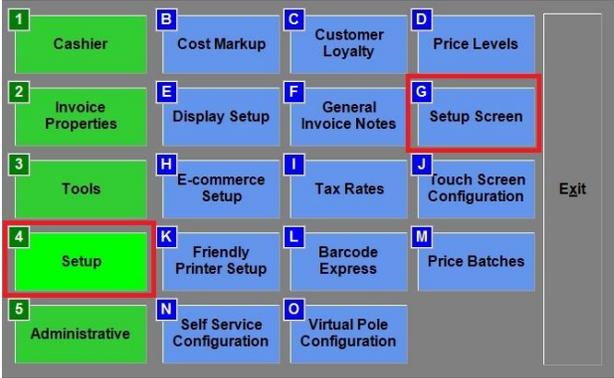

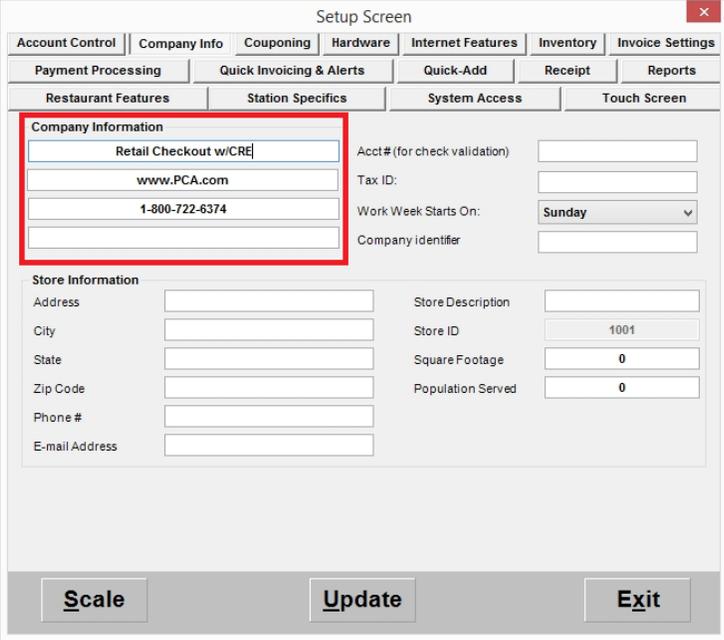

Printing other notes on receipts... page 8

Printing your company's logo on the top of receipts... page 9

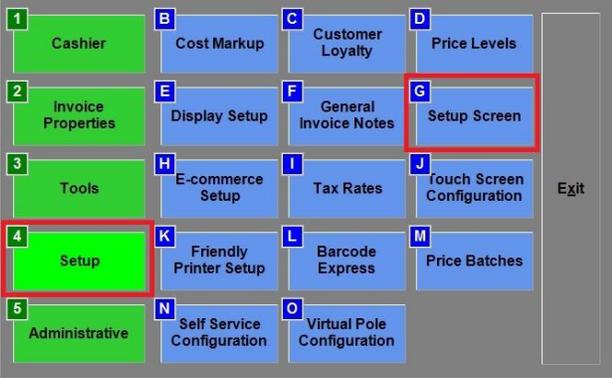

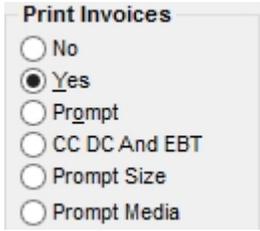

Before following the steps in the sections that follow, select **Manager** from the login screen and provide the requested credentials.

Printing Company Information on Receipts

To print information about your company on receipts, you must first provide this information.

 <p>A screenshot of a software menu with various options. The 'Setup' option is highlighted with a red box and labeled '4'. The 'Setup Screen' option is also highlighted with a red box and labeled 'G'. Other options include Cashier, Invoice Properties, Tools, Administrative, Cost Markup, Display Setup, E-commerce Setup, Friendly Printer Setup, Self Service Configuration, Customer Loyalty, General Invoice Notes, Tax Rates, Barcode Express, Price Levels, Touch Screen Configuration, and Price Batches. An 'Exit' button is visible on the right side.</p>	<ol style="list-style-type: none">1. Select Setup and then Setup Screen.
 <p>A screenshot of the 'Setup Screen' window. The 'Company Info' tab is selected. The 'Company Information' section is highlighted with a red box. It contains fields for 'Retail Checkout w/CRE', 'www.PCA.com', and '1-800-722-6374'. Other fields include 'Acct# (for check validation)', 'Tax ID', 'Work Week Starts On: Sunday', and 'Company identifier'. There are also 'Store Information' fields for Address, City, State, Zip Code, Phone #, E-mail Address, Store Description, Store ID (1001), Square Footage (0), and Population Served (0). Buttons for 'Scale', 'Update', and 'Exit' are at the bottom.</p>	<ol style="list-style-type: none">2. Select the Company Info tab.3. Enter your company information. The top-most box should contain the name of your company.
 <p>A close-up of the 'Update' button from the previous screenshot.</p>	<ol style="list-style-type: none">4. Select Update.

Specifying what information should be printed on receipts and how it should be printed

	<ol style="list-style-type: none"> 1. Select Setup and then Setup Screen.
	<ol style="list-style-type: none"> 2. Select the Receipt tab.
	<ol style="list-style-type: none"> 3. Select the size of printed receipts. <ul style="list-style-type: none"> • Receipt – each item uses 2 lines • Short Receipt – each item uses 1 line • Full – the receipt is printed using a full-size printer • Full Professional – same as Full, but used with Prof Logo option
	<ol style="list-style-type: none"> 4. Decide when receipts should be printed. <ul style="list-style-type: none"> • No – receipts are never printed • Yes – receipts are always printed • Prompt – the cashier should be asked whether receipts are printed • CC and DC only – receipts are printed after credit/debit card transactions only • Prompt Size – the cashier should be prompted for the receipt size
	<ol style="list-style-type: none"> 5. Select the information which should be printed on full size professional invoices (you will be prompted for an image if necessary).
	<ol style="list-style-type: none"> 6. Specify how many copies of receipts and store credit receipts should be printed.

<p>Print Modifiers on Receipt</p> <p> <input checked="" type="radio"/> Print all, total only <input type="radio"/> No, Print None <input type="radio"/> Print all, breakdown <input type="radio"/> Print charged, total only <input type="radio"/> Print charged, breakdown </p>	<p>7. Decide how modifiers should be printed.</p> <ul style="list-style-type: none"> • Print all, total only – all modifiers are printed, but their prices are added to the price of the parent item • Print all, breakdown – all modifiers are printed along with their prices • No, Print None – no modifiers are printed on the receipt • Print charged, total only – print modifiers with a non-zero price and add their prices to the price of the parent item • Print charged, breakdown – print modifiers with a non-zero price along with their prices
<p> <input type="checkbox"/> Prompt to Email Purchase Order <input type="checkbox"/> Print Bar Code On "On-Hold" Receipts <input type="checkbox"/> Print Bar Code On "Complete" Receipts <input type="checkbox"/> Print Extra Copy of On Account Receipts <input type="checkbox"/> Suppress Extra Signature Copy <input type="checkbox"/> Print Notes on CC Receipt <input type="checkbox"/> Print Dept Notes Receipt <input checked="" type="checkbox"/> Print item count on Receipt <input type="checkbox"/> Print Second Description on Full Size Professional <input type="checkbox"/> Validate Checks <input checked="" type="checkbox"/> Combine Lines on Short Receipt <input type="checkbox"/> Print Paid Status in Kitchen Receipt. <input type="checkbox"/> Print Customer Notes(Full Size Only) </p>	<p>8. Decide whether or not to print a barcode on on-hold receipts so that on-hold invoices can be recalled with a barcode scanner.</p> <p>9. Decide whether or not to print a barcode on completed receipts so that returns can be made by scanning them.</p> <p>10. Decide whether or not to print an extra copy of receipts when the payment method is a customer account.</p> <p>11. Decide whether or not to print a second copy of a receipt with a signature line.</p> <p>12. Decide whether or not to print "General Invoice Notes" on the duplicate credit card receipt.</p> <p>13. Decide whether or not to print department notes on the receipt.</p> <p>14. Decide whether or not to print the number of items that were sold on the receipt.</p> <p>15. Decide whether or not to, when printing a full size professional receipt, include the second description line for every inventory item in addition to the first description line.</p> <p>16. If you are using a check-validating printer, you can insert a tendered check into the printer to get franked. The company name, account number invoice number, and invoice total will be printed on the back of the receipt. Decide whether you want this.</p> <p>17. Decide whether or not to, if an item appears multiple times on the same receipt, print it and its quantity in one line.</p> <p>18. Decide if you'd like customer notes that are configured in the customer maintenance screen to print on full size receipts.</p>
<p style="text-align: center;">Page 2</p>	<p>19. Select the Page 2 tab.</p>

<p>Print Kit Items</p> <p><input checked="" type="radio"/> No <input type="radio"/> Yes</p>	<p>20. Decide whether or not to print the items in a kit on the receipt.</p>
<p>Print Amt Saved</p> <p><input checked="" type="radio"/> No <input type="radio"/> Yes</p>	<p>21. Decide whether or not to print the amount saved as a result of discounts on the receipt.</p>
<p>Print Acct Balance</p> <p><input type="radio"/> No <input checked="" type="radio"/> Yes</p>	<p>22. Decide whether or not to print the balance of a customer's account on the receipt after they end a transaction using their account.</p>
<p>Print Suggested Tips On:</p> <p><input checked="" type="checkbox"/> Cash <input checked="" type="checkbox"/> Credit Card <input checked="" type="checkbox"/> All</p> <p>Setup Suggested Tips</p>	<p>23. Decide whether or not suggested tips should be printed on receipts and which receipts this applies to. Select Setup Suggested Tips to add percentages.</p>
<p>Display Equals</p> <p><input type="radio"/> No <input checked="" type="radio"/> Yes</p>	<p>24. Decide whether or not different sections of receipts should be separated with rows of equal (=) signs.</p>
<p>Print Customer Info</p> <p><input checked="" type="radio"/> Name and address <input type="radio"/> None <input type="radio"/> Customer Number <input type="radio"/> Abbv Customer Number <input type="radio"/> Company Name <input type="radio"/> Name Only</p>	<p>25. Specify whether and what customer information should be printed on receipts.</p>
<p>Print Toppings On One Line</p> <p><input checked="" type="radio"/> No <input type="radio"/> Yes</p>	<p>26. Decide whether toppings should be printed on the receipt in one line (e.g. mushroomsolives).</p>
<p># of Dockets</p> <p>0</p>	<p>27. Specify how many docketts (receipts with no prices) should be printed at the end of every transaction.</p>
<p>Cancelled Check Fee</p> <p>0</p>	<p>28. Specify the fee for cancelled checks that will be printed on the bottom of every receipt following payment by check.</p>
<p>Update</p>	<p>29. Select Update.</p>

Printing other notes on receipts

You can add additional information to receipts by adding it as a general invoice note.

1. Select **Setup** and then **General Invoice Notes**.

A screenshot of a dialog box titled 'General Invoice Notes'. At the top, there are three tabs: 'Bottom of Receipt' (selected), 'Top of Receipt', and 'Donation Not'. Below the tabs is a text input field containing 'Thank you for visiting'. There are ten empty text input fields stacked vertically below the first one. At the bottom of the dialog, there are two buttons: a green 'Save' button with a checkmark icon and a red 'Cancel' button with a red circle and slash icon.

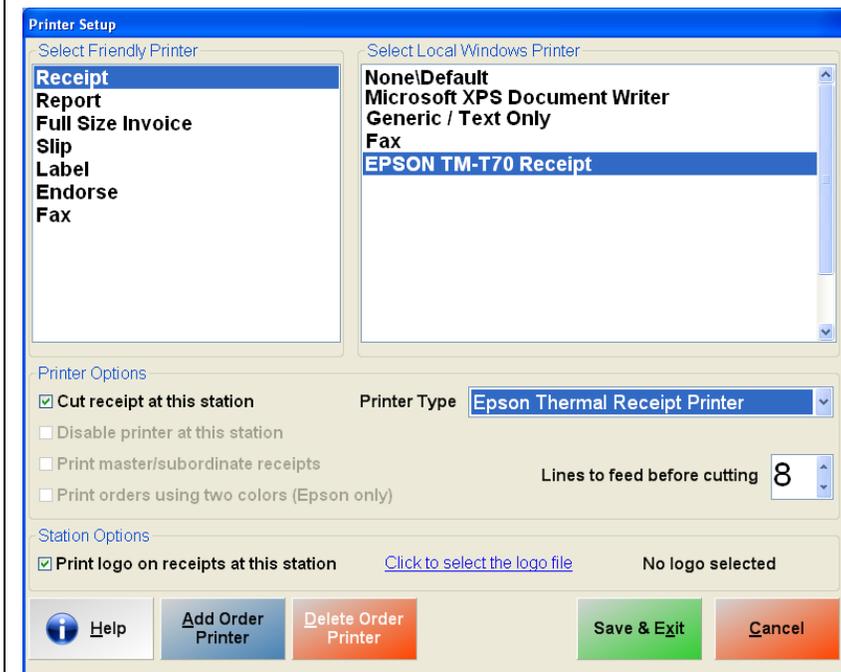

2. As desired, add notes to the top and bottom of receipts and to store credit receipts.
3. Select **Save**.

Printing your company's logo on the top of receipts

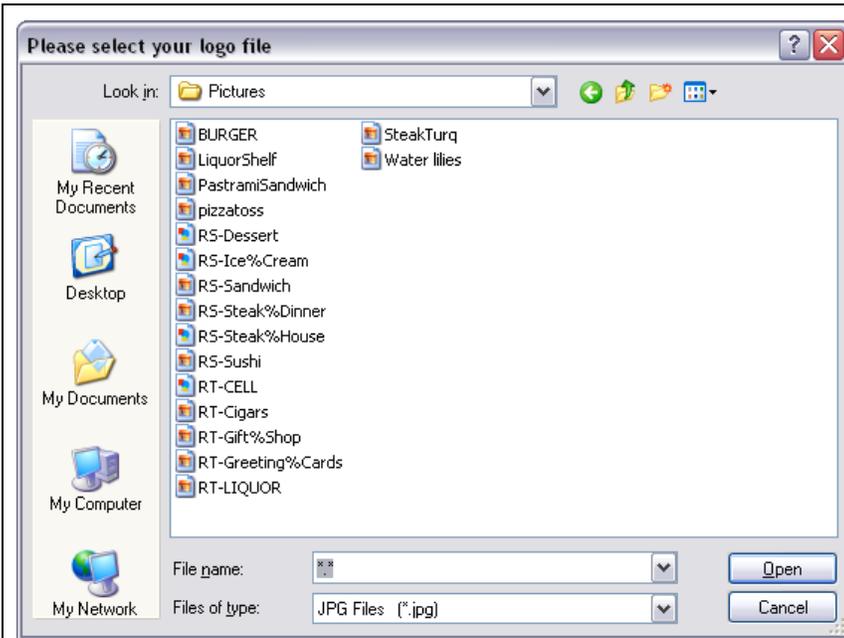

Your receipts can have your company's logo on them.

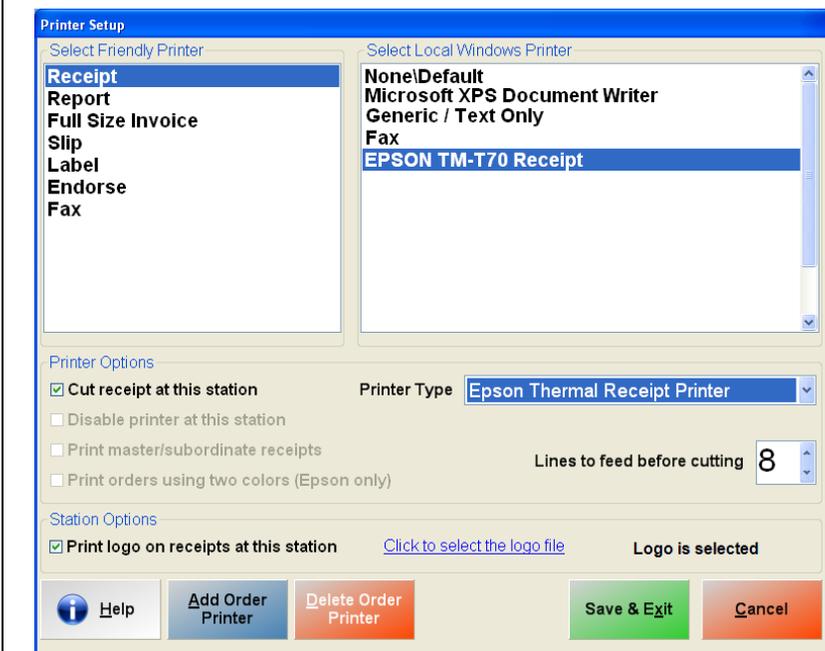

1. Select **Setup** and then **Friendly Printer Setup**.

2. Highlight your receipt printer and check **Print logo on receipts at this station**.
3. Select the **Click to select the logo file** link.

4. You will be prompted to provide an image file.
5. Select your logo and then select **Open**.
Note: If your logo is not being displayed in the folder in which you saved it to then type *.* in the **File name** box (displayed left).
Note: The Pixel aspect ratio for the logo must be 1:3 (i.e. if the image has a 100px height then the width must be 300px). If the image you are using is not in that aspect ratio then it will be distorted.

6. Select **Save & Exit**.
