## Revision History

Document Version	Date	Author	Description of Changes
1.0	November 8, 2017	MP	Added a <a href="#">section</a> for addition of the Restaurant Invoice grid text size enhancement in version <b>12.8026</b>

## Invoice Screen Options

The screenshot shows a dialog box titled "Invoice Screen Options". It contains several settings:

- Toolbar**
- Customer Display**
- Select Invoice Screen to Use
  - Modern**
  - Traditional**
  - Split Invoicing**
- Restaurant Invoice grid text size
  - Large**
  - Medium**
  - Small**

At the bottom, there is a button labeled "Set Form's Background Color >>".

Invoice screen options consists of various options that allows you to change how the invoice screen looks.

**Toolbar** – when enabled, it includes the function keyboard shortcut buttons in the **retail** invoice screen.

**Customer Display** – removes the Customer find button, lookup button and customer display box from the **retail** screen.

**Split Invoicing** – Changes the retail invoice screen to the split mode that is used for trades and buybacks.

**Restaurant Invoice grid text size** – these options **are only available** when CRE/RPE is configured in either **Quick Service** mode or **Fine Dining with Table service**. They **will be hidden** if the business type is set to **retail** mode. These options will either increase or decrease the font size on the invoice grid. These options **require version 12.8026 or newer** to be installed.

## Display Options

- Default Retail Invoice Screen

- Retail Invoice Screen with **Toolbar** Option unchecked.

- Retail Invoice Screen with **Customer Display** Option unchecked.

## Select Invoice Screen to Use

The Screen Display Setup allows you to select which Invoice Screen will appear upon logging into CRE.

- **Modern or Traditional** - When selected will display the Modern/Traditional invoice screen.

- **Split Invoicing** - This screen is used for business that rent inventory, sell inventory, and buy back or trade inventory in exchange for other merchandise.

## Set Form's Background Color

[Set Form's Background Color >>](#)

- To change the color of the background of the Invoice Screen, select **Set Form's Background Color >>** .

- Select the desired background color.
- Select **OK**.

## Restaurant Invoice grid text size

## Login Screen Options

**Login Screen Options**

Display Type       Numeric       Alphanumeric

Background Color      

Foreground Color      

Select Picture \ Logo      

The following options are available under the Login Screen Options:

- [Login Screen Options: Display Type](#)
- [Login Screen Options: Background Color](#)
- [Login Screen Options: Foreground Color](#)
- [Login Screen Options: Select Picture \ Logo](#)

Below is an example of a customized login screen:

## Display Type

- **Numeric** - When selected changes the login screen keypad to all numbers.

Display Type  Numeric  Alphanumeric

		←
7	8	9
4	5	6
1	2	3
Delete	0	Enter

- **Alphanumeric** - When selected changes the login screen keypad to letters and numbers.

Display Type  Numeric  Alphanumeric

				←
1	2	3	4	5
6	7	8	9	0
-	:	,	.	/
A	B	C	D	E
F	G	H	I	J
K	L	M	N	O
P	Q	R	S	T
U	V	W	X	Y
Z		Shift	Cancel	Enter

## Background Color

 A control element consisting of a button labeled "Background Color" and a gray rectangular color swatch to its right.	<p><b>Background Color</b> - Modifies the background color of the login screen.</p>
 A screenshot of a "Color" dialog box. It features a title bar with "Color" and a close button. The dialog is divided into two sections: "Basic colors" and "Custom colors". The "Basic colors" section contains a grid of 48 color swatches. The "Custom colors" section contains a grid of 16 empty white swatches. Below the custom colors is a button labeled "Define Custom Colors >>". At the bottom are "OK" and "Cancel" buttons. A gray color swatch in the "Basic colors" grid is highlighted with a dashed border.	<ul style="list-style-type: none"><li>• Select the desired background color.</li><li>• Select <b>OK</b>.</li></ul>

## Foreground Color

 A control element consisting of a rectangular button labeled "Foreground Color" on the left and a cyan-colored square on the right.	<ul style="list-style-type: none"><li>• <b>Foreground Color</b> - Modifies the foreground color scheme and changes the color of the text on the login screen.</li></ul>
 A screenshot of a "Color" dialog box. It features a title bar with "Color" and a close button. The main area is divided into "Basic colors:" and "Custom colors:". The "Basic colors:" section contains a grid of 48 color swatches. The "Custom colors:" section contains a grid of 16 empty white swatches. Below the grids is a button labeled "Define Custom Colors >>". At the bottom are "OK" and "Cancel" buttons. A dashed border highlights a light gray swatch in the "Basic colors:" grid.	<ul style="list-style-type: none"><li>• Select the desired background color.</li><li>• Select <b>OK</b>.</li></ul>

## Select Picture \ Logo

- **Select Picture/Logo** - Gives the option to add an Image to the login screen. To choose the picture that is displayed on the login screen, click on Select Picture\Logo and select a jpg or gif file.

- Navigate to the folder where the image you would like displayed on the touchscreen is located.
- Select an Image. This image should be a JPG (.jpg) or GIF (.gif) file type. If the image is not able to be selected, type \*.\* in the File name field, this will display all available files.

**Note:** The image you choose should be a 1:1 pixel ratio, i.e. 400px x 400px.

- Select **Open**.
- Select **Update**.
- Select **Exit**.
